AFTER 10 YEARS OF WAR, TRAVEL LOCAL MAN ENJOYS WORK IN AREA

William F. Backus, Campbell resident and businessman, presently a housing counselor at Kakel's Furniture Store in Willow Glen, has seen a great deal more of the world in all its aspects than the average man. After 10 years of touring the world, including three years in a Japanese prison camp, "Dutch" as his friends call him is finally doing the work he likes and is fitted to do.

"Dutch" came from Holland in 1940 by way of the Dutch passenger freighter, Rotterdam Lloyd, on which he worked as a purser. That was his first glimpse of the California coast. He liked it and wanted to stay here but World War II delayed his plans.

The year 1942 found his in the Dutch Colony of Java although he had made plans to leave earlier. When the Colonies fell to the Japanese invasion force, "Dutch" along with other countrymen were taken to a Japanese prisoner of war camp near Tjimahi.

He doesn't like to talk about the three years he spent there.

The memory of the "food" he ate still makes him sick, he said.

"DUTCH" BACKUS
. . . After 10 Years

"A handful of rice and a cup of coffee which resembled the real product only in name and a liquid made from distilled human waste was the daily fare," he said.

English liberation in 1945 turned Backus loose with no money no prospects of employment, and a body weakened by hard work, mental anguish and poor food.

The ship on which he worked his passage docked at Seattle, Washington, where he worked for a while at odd jobs. Next stop was Los Angeles. Washington had too much rain, he said, Los Angeles too much fog.

His first real break, Backus said, was when he came to Campbell in 1949 to work in the canneries. The weather, the work, and the people were to his liking and he stayed to work for the Campbell Water Company, for Nelson Trucking Company and finally managed to set up his own business importing pottery and Dutch novelties, and flower bulbs.

Two years ago finances permitted a three month trip to Holland to renew acquaintances. While there he also met the girl he hopes to marry.

On his return to the Campbell area, he enrolled at San Jose State College, and successfully completed a course in Real Estate by working days and studying at night.

Real Estate is the business Dutch and his father had followed in their native land.

Now ten years later Dutch is doing the work he likes best.

"I'm no millionaire he says, and after the confinement of a prison camp, my work which includes a lot of moving around, with my dog, "Shep" suits me fine. I meet people, my work is creative the weather is fine, and there is no fear.

LOCAL GRANGE HEARS REPORT ON INSURANCE

Werner Raab acted as Grange master at their regular meeting in IOOF Hall Tuesday, in the absence of Master George Shattuck at which the featured speaker was E. R. Chace of the California Physician's Service.

Mace's talk covered aspects of large group health insurance plan sponsored by the medical association.

CPS reopens October 1, he said, but applications must be in possession of Grange secretary for Grange members by September. The local CPS office is in San Jose at 25 Bassett St.

J. C. Gordon announced that booster barrel tickets must be in by September 1.

A letter from Martin S. Walsh, attorney for the Grange, was read by the secretary concerning improvements and high standards set by the city council as conditions for granting a permit for rental of the Grange lot at Sanford and Fourth Streets.

Walsh said the cost would amount to about $5,000 and would necessitate a rental charge of about $65.000 a month. The matter is being held over for one week.

Pomona Grange will hold a potluck at Morgan Hill Sept. 6 at 6:30 p.m. it was announced.

An election was held to fill the post of Flora which was left vacant by Mrs. Viola Krug's illness and absence. Mrs. J. C. Gordon was elected.

Refreshments were served under direction of committee members Mrs. Veronica Stoner, Mrs. H. B. Whitehouse and Mrs. Frank Blair.

NEW DATE FOR TAXI HEARING

City Council Monday night set September 15 as new date of hearing on the application of Ernest Gee to operate a taxi stand in Campbell, after City Attorney Joseph A. Bonacina said that permit application does not come under provisions of interim zoning ordinance.

Bonacina said that application could come under Franchise provisions.

"Under California Vehicle Code," Bonacina said, "Council has the right to determine where taxi stand should be located. He advised that city council direct him to prepare an agreement fixing a set fee for permission to operate containing restrictions as for qualifications for drivers, services, provided, rates charged. Bonacina said this agreement would be between the council and the taxi company and would have no effect on a taxi ordinance adopted at a later date.

Councilman Joseph Dahl moved to refer the mater to the police committee to determine conditions of operation and to set the fee to be charged by the city.

CITY ENGINEER SUBMITS REPORT ON CREEK WORK

City Engineer Mark E. Thomas, at city council meeting Monday night submitted a report with recommendations on proposed San Tomas Aquino Creek improvements and outlined action which should be taken by the city.

Thomas said that County Engineer Robert B. Chandler has indicated that the county will probably widen and deepen the creek from Latimer Ave. to San Tomas Aquino Road.

Thomas suggested that before this be done, the city of Campbell should arrange with the Campbell Water Works to lower their main water pipe at the Campbell Avenue crossing. He said he had contacted the Campbell Water company who agreed to lower the pipe at a cost of $250. Thomas said either the water company or the city should bear the cost.

City engineer requested direction from the council to obtain written consent from property owners along the creek and along the ditch parallel to Cypress Ave., authorizing widening and deepening and also removal of obstructions such as remains of unused dams.

Thomas further recommended that written consent be obtained from various property owners by either using volunteer citizen service or by directing the Engineer to do so.

GOMES' HOME LOOTED OF TV SET, WALLET

Joseph V. Gomes, city councilman, and school official came in from his orchard on Hamilton Ave. last Saturday for lunch and found a thief had made off with a 17 inch television set, a wallet containing 12 dollars and $50 in cash.

Gomes' father who said he saw the thief, described him to Campbell police officers, Robert J. Locke and Louis Doolittle, as being about six feet tall with dark hair weighing about 150 pounds and between the age of 30 to 40 years old.

Gomes said the thief made off with the loot in a 1938 or 1939 green Chevrolet automobile, before he had a chance to prevent the theft. The time was approximately 11:45 a.m., Gomes said.

The house was in complete disarray from pulled out drawers with contents spilled on floors.

The thief gained entry by jimmying open a bathroom window.

Campbell police are checking on all possible lead.

Will Campbell Have City Court?

City Council Monday night appointed a committee consisting of Mayor Richard W. Morton, and Councilmen James B. Arends Jr., and J. M. Dahl to study advisability of establishing a city court.

Court would only exist until January 1, when all local city courts will be abolished and the new district justice courts set into operation.

Committee is to study whether fines imposed would pay for the court in that time.

Fines are now paid to the County since they are imposed in Justice of the Peace Court.

With new district justice court, city will receive their share of fines imposed by the police department.

SHOPPERS GET DOUBLE STAMPS AT STORES TODAY

Today is the day they give double stamps away. Merchant trading stamp shoppers busy selecting back to school supplies for the children will receive a double dividend today by buying from Campbell merchants. Each participating store in Campbell will give 20 Campbell trading stamps for every dollar's worth of goods bought today.

Plan originally called for 10 stamps to every customer for every dollar spent at one of the stamp-giving stores.

It was agreed at a recent business meeting to set aside one day as a double stamp day as an added incentive to shop locally.

Merchants have decided to pass on an additional saving to its local customers in appreciation of their patronage. With continued sales in the Campbell area, a spokesman said, more Campbell money stays at home to benefit, the city itself, its citizens and its merchants.

More customers mean a greater and better selection of goods with consequent savings to the local buyer.

COUNCIL DISCUSSES BOND ISSUE ON STORM SEWER, IMPROVEMENTS, IN KUEHNIS SUBDIVISION HERE

City council spent the greater part of Monday evening in a bond discussion with Don Stone, representing the firm of Shulte, Robinson, and Stone, subdividers of Kuehnis subdivision on Hamilton avenue and San Jose-Los Gatos Road.

Stone presented the council with his contractor's bid for approximately $14,000.00 as the figure for 100 per cent bond improvements required by the council.

City Engineer Mark E. Thomas said that his figure for the work was approximately 25 per cent higher and that he was not ready to give his opinion at this time as to whether the subdivision map should be approved.

Mayor pro-tem Joseph V. Gomes, told Stone on the advice of City Attorney Joseph Bonacina, that the two bonds for subdivision requirements and storm sewers and all necessary agreements would have to be in the hands of the council on a Wednesday prior to the council meeting. This would permit city engineer and council members time to study the documents before resolutions can be adopted to approve the map, Gomes said.

Acting Mayor Gomes told Stone to have all papers and bids in the hands of the city engineer and city attorney this week so that council could pass on the map at the next meeting.

Councilman Joeph Dahl moved that the council adopt this procedure and that bonds be posted on actual bids either on a per unit basis or on the whole job to determine the amount of the bond.

Dahl further moved that council follow this procedure in this case only and not set a precedent in accepting a bid on a unit price or a total for the whole cost of the job.

If the subdivision map is in order, discussion brought out, the bond for storm sewer would be $150 a lot for 41 lots or a total of $6,150.000. Bond for improvements will be based on an agreement reached on Stone's estimate based on a contractor's bid and city engineer's estimate of the work on subdivision improvements.

William C. Henley, representing the Campbell Union School District appeared before the council Monday night and asked that permit and filing fees be waived.

Henley pointed out that bids had been advertised and secured for the building and that backtracking at this late date would cause the school department great inconvenience and also delay in beginning construction.

READERS SAY CAN'T GET ALONG WITHOUT PAPER

Here's a look at the weekly newspaper through the eyes of a 16-man non-professional panel. A summarizing set of question develops these conclusions:

Readers do not think weeklies are covering the news as well as it might be covered.

They feel their local editors are not writing forthright editorials. They'd like to have such editorials in their paper.

The majority believes that smalltown editors are actually community leaders, even though the newsmen do not express their leadership editorially.

Most of the members of the panel of readers say they appreciate their hometown paper, however, and feel they could not get along without it.

Blood Drive Sept. 29 Has Twofold Purpose

Mrs. Verle Grizzle, chairman of the Campbell Community Club sponsored blood drive which will solicit blood donations from the residents of Campbell when the blood bank of the Santa Clara Blood Center comes to Campbell Sept. 29, said today that the present drive will have a two fold purpose.

Part of the whole blood donated on Sept. 29 will be used for regular community purposes; and part of it will be shipped to Korea for the use of the armed services.

Mrs. Grizzle said that a great many citizens of Campbell seem to forget there are many Campbell boys fighting in Korea. "It is a community responsibility that our own fighting sons do not lack for whole blood due to laxity of people at home."

Mrs. Grizzle also stressed the fact that blood supplies are dangerously low for community purposes, and urges everyone in the Campbell area to contribute to the drive when the blood bank arrives at the Campbell Methodist Church grounds Monday Sept. 29.

He saw the turn—but couldn't!

He was only going 35 miles an hour. But that's too fast on an icy road at night. Too late, this driver spied the turn. Too late to slow down. Too late to *live*. When roads are hazardous, put on tire chains, and don't exceed 25 m.p.h. Take a little longer to get there, and you'll have a lot longer to live.

Be Careful-the life you save may be your own!
